

ADDENDUM NO. 1
TO
PROCUREMENT AND CONTRACTING REQUIREMENTS
FOR
Milton Drinking Water System Improvements
FOR
MILTON, INDIANA
Issue Date: May 23rd, 2023

BIDS ARE DUE BY
Friday May 26th, 2022
9:00 AM (Local Time)
Attn. Clerk Treasurer, Terry Craig – 101 SR-1 Milton, IN 47357

This addendum consists of four (4) pages and the following attachments:

Attachment No. 1: Replaced Specifications
Attachment No. 2: Pre-Bid Conference Meeting Minutes and Sign-In Sheet

The following, as additions to and modifications in the Bidding Requirements and Contract Documents, will be included in, and become a part of the **Milton Drinking Water System Improvements (Main Division)**. This Addendum forms a part of the Contract Documents. Bidders are, therefore, instructed to take the following into account in rendering any Bid for this work. Acknowledge receipt of this Addendum in the space provided on the Bid Form.

CHANGES TO PRIOR ADDENDA: (N/A)

CHANGES TO PROCUREMENT REQUIREMENTS: (N/A)

CHANGES TO CONTRACTING REQUIREMENTS: (N/A)

CHANGES TO SPECIFICATIONS:

1. **PLEASE NOTE:** *“Or equal” items will be considered for all products, including products not explicitly stated. We acknowledge that lead times are volatile and that certain product types may be more readily available or cost effective. If exceptions are needed to standards, they will be considered for approval on a case-by-case basis.*
2. Replace the following specifications in their entirety with **Attachment No. 1** of this addendum:
 - a. “Specification 00 41 13 – Bid Form” (Added allowance amount, added bid alternate for changing installation method of pipe burst areas.)
 - b. “Specification 01 20 00 – Contract Items” (Adjusted some alternates to be non-mandatory. Added alternate for changing installation method of pipe burst areas.)
 - c. “Attachment C – Wage Rates” (Up-to-date wage rates for project per OCRA guidelines.)

CHANGES TO DRAWINGS: (N/A)

CHANGES TO MISCELLANEOUS DOCUMENTS:

1. Included as an attachment to this addendum (**Attachment No. 2**) is the Pre-Bid Conference Meeting Minutes and Sign-In Sheet.

SUBMITTED QUESTIONS/REQUESTS & RESPONSES:

1. Pre-Bid Meeting Questions

- a. **Q:** On the allowance for relocating meters and setters, is that strictly only for that?
A: Yes, the pay item is for the water meter relocations. All other service line work as far as line attachment service is in the linear foot unit price. All unit price information is in the project manual.
- b. **Q:** How should the contractor come up with footage of service line to include in the water main unit price?
A: Contractor is to estimate linear footage based on the plans. All serviced residences are shown on page C401. All customers currently connected to replaced mains will need to be reconnected. Other customers will only require meter change-outs.
- c. **Q:** Is it possible to get the service line table in an excel spreadsheet?
A: Yes, please request via email.
- d. **Q:** Are curb stops normally a part of service lines in town or are a lot of these taps going right into the setters?
A: There are corporation stops at each meter pit. There are no services without isolation that the operator is aware of.
- e. **Q:** If we run into a lead service line and there is no shutoff valve, what do you do since you can't crimp the pipe?
A: The contractor would have the lead service line contractor replace the line so that you can change out the meter. Communication between contractors for both divisions will be imperative.
- f. **Q:** Is the lead service line replacement part of the allowance?
A: The lead service line replacement allowance is a part of the Non-OCRA division. If the contractor is the same for both the project and the lead service line replacement, the lead service line would be replaced first and then the water meter would be swapped out. Locations where new water main and existing lead service lines intersect would be prioritized first.
- g. **Q:** On sheet C101, the 6-inch water main going back to the water main tower is called out to be pipe burst. Why is this line being pipe burst? Is it because there is no easement for a new water main line?
A: Pipe burst was called out on the plan sheets where RQAW believed there was insufficient space to install a new water main near the tower. The contractor can lay a new water main where pipe bursting is called out in the plans if the contractor believes there is sufficient space. Regarding the water tower location, there are existing overhead electrical lines and underground conduits plus the water tower's foundation. This creates a tight space for the installation of new pipe. A non-mandatory bid alternate will be created for an add/deduct for means and methods of install other than pipe bursting.
- h. **Q:** On sheet C108, there is a 12-inch casing pipe encasing a 6-inch line. What is the reason behind the casing pipe being installed here?

- A:** Casing pipes are installed where the horizontal separation distance between existing sanitary sewer pipes is less than 10 feet. This is an IDEM requirement. The casing pipe can be cut for the installation of valves and fittings.
- i. **Q:** Is all the casing pipe 12-inch?
A: All casing locations and sizes are depicted on the drawings.
- j. **Q:** Where connections are being made to the existing water mains, does the contractor follow their own means and methods or how does the contractor do this?
A: The contractor can work with the Town of Milton's water service operator to isolate existing mains for connection purposes. Most of the valves on the existing main are operational. Connections can be done through means and methods deemed necessary, so long as all products have been approved during the shop drawing phase. Requirements are in the specifications.
- k. **Q:** Do you have a project estimate?
A: RQAW cannot share this at this time.
- l. **Q:** How does the contractor determine where the water main is to be installed? Is the contractor to measure an offset distance from the side of the road and follow the plans?
A: There are northings and eastings called out for the water main's proposed tees and bends. Staking is fine provided the contractor keeps track of substantial changes for the as-builts. However, for the State Road and Railroad crossings, the water main needs to be installed very close to what is called out in the plans due to inspections required for said facilities.
- m. **Q:** In the event the state wants flaggers for the railroad crossings, is the Town of Milton covering that cost or can this be added to an allowance if this is the contractor's responsibility?
A: Paying flaggers is not a part of the contract. In the event flaggers are needed, the Town will make necessary accommodations.
- n. **Q:** Are the highway bores, railroad bores, casing, cutting caps, connections, and pipe bursting included in the line footage cost?
A: Yes. Please see contract item information for all inclusions on an item-by-item basis.
- o. **Q:** Are the bid alternates listed mandatory?
A: Please see contract item specification for clarification on bid alternates. Titles are labeled with mandatory as required. Some items have been changed to non-mandatory.
- p. **Q:** Would you consider making the bid alternatives non-mandatory? In the base bid you have the pipe listed as polyethylene pipe. If a contractor wants to install all of the piping via drilling, there is still the mandatory bid alternative for DR 17 PVC pipe?
A: An adjustment has been made to make the DR 17 PVC pipe alternates non-mandatory.
- q. **Q:** For the non-OCRA division, is the contractor required to have a licensed plumber to do in the in-home connections? Also, does this involve the AIS requirement?
A: RQAW – Per SRF requirements, a plumber is not required. AIS requirements are in place for both contract divisions.
- r. **Q:** Is the grouting of the proposed water mains next to the railroad included in the labor cost?
A: Yes, this is included in the labor cost. Grouting is only required for the pipes next to the railroad. Any clarifying questions about this requirement can be brought up to Norfolk Southern.

2. **Utility Supply Company:**

a. **Q:** One of our team members said there is a meter system job bidding for Milton, IN; can Neptune be a part of the spec for the meter system?

A: The specification lists no specific meter brand; however, the meters must be radio read and be able to pair with the Keystone billing software that Milton currently uses. Neptune is more than welcome to get in contact with contractors on pricing!

+ + **END OF ADDENDUM** + +

PLEASE ACKNOWLEDGE THIS ADDENDUM IN THE BID FORM YOU SUBMIT.

Milton Drinking Water System Improvements

TABLE OF CONTENTS

	Page
ARTICLE 1 – Bid Recipient	1
ARTICLE 2 – Bidder’s Acknowledgements.....	1
ARTICLE 3 – Bidder’s Representations	1
ARTICLE 4 – Bidder’s Certification.....	2
ARTICLE 5 – Basis of Bid	3
ARTICLE 6 – Time of Completion.....	4
ARTICLE 7 – Attachments to this Bid.....	4
ARTICLE 8 – Defined Terms.....	2
ARTICLE 9 – Bid Submittal	6

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

Town of Milton

101 SR-1

Milton, IN 47357

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER’S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 90 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER’S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

<u>Addendum No.</u>	<u>Addendum, Date</u>
_____	_____
_____	_____
_____	_____
_____	_____

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

- E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.
- F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.
- G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.
- H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.
- I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.
- J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

- A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;
- B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;
- C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and
- D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:
 - 1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;
 - 2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;
 - 3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

Item No.	Description	Unit	Estimated Quantity	Unit Price
1	Mobilization and Demobilization	LS	1	\$
2	Maintenance of Traffic	LS	1	\$
3	Construction Engineering	LS	1	\$
4	Erosion and Sediment Control	LS	1	\$
5	Additional Communications Antennae or Other Equipment at Water Tower	LS	1	\$
6	Pressure/Level Transmitter with Local Display	LS	1	\$
7	Battery Backup and Surge Protection at Water Tower	LS	1	\$
8	Controls Integration	LS	1	\$
9	Upgrade Manual Read Meters with Radio Read Units	EA	265	\$
10	Allowance to Replace Meter Pit and Meter Setters, Complete	ALLOW		\$54,000.00
11	Communications Base Station for Radio Read Meters	LS	1	\$
12	8-Inch Water Main, DR 17 HDPE	LF	8,460	\$
13	6-Inch Water Main, DR 17 HDPE	LF	5,690	\$
14	Site Restoration	LS	1	\$
15	6-Inch Gate Valve with Valve Box and Riser, Ductile Iron	EA	18	\$
16	8-Inch Gate Valve with Valve Box and Riser, Ductile Iron	EA	24	\$
17	Bulk Water Filling Station	LS	1	\$

Total Base Bid Price \$ _____

BID ALTERNATE

Item No.	Description	Unit	Estimated Quantity	Unit Add or Deduct	Total Add or Deduct (Write-In)
1	8-Inch Water Main DR17 Yelomine Pipe	LF	8,460	\$	\$
2	6-Inch Water Main DR17 Yelomine Pipe	LF	5,690	\$	\$
3	8-Inch Water Main DR17 PVC Pipe	LF	8,460	\$	\$
4	6-Inch Water Main DR17 PVC Pipe	LF	5,690	\$	\$
5	Change Installation Method from Pipe Bursting to Contractor Selection	LF	755	\$	\$
6	Replace all Hydrants in Town Along with Two New Hydrant Locations	EA	36	\$	\$

Total Base Bid Price – Bid Alternate \$ _____

Proposed increase or decrease in price for the Bid Alternates listed above will be considered in determination of the lowest responsive and responsible bid.

The undersigned understands that after a contract is awarded, the Owner may select items of the Alternate Bids listed above. If awarded the contract, the Bidder agrees to furnish and install any Owner selected Alternate items for the add or deduct indicated. The total base bid will then be adjusted accordingly. The add or deduct amounts listed above are “installed” prices and take into consideration and include any cost of the design or construction changes that may be required as a result of selecting the Alternate.

Alternate Contract Item prices are subject to acceptance by the Owner, and rejection of one or more Alternate Contract Item prices will not invalidate acceptance of this Bid.

ARTICLE 6 – TIME OF COMPLETION

- 6.01 Bidder agrees that the Work will be substantially complete and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions on or before the dates or within the number of calendar days indicated in the Agreement.
- 6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 7 – ATTACHMENTS TO THIS BID

- 7.01 The following documents are submitted with and made a condition of this Bid:
 - A. Required Bid security;

- B. List of Proposed Subcontractors;
- C. List of Proposed Suppliers;
- D. List of Project References;
- E. Bidder's License No.: demonstrating evidence of authority to do business in the state of Indiana.
- F. Required Bidder Qualification Statement (Form 96) with supporting data;
- G. Wage/Fringe Benefit Certification (Attachment C);
- H. GPR Bid Breakdown (Attachment D);
- I. American Iron and Steel Certification (Attachment G);
- J. Form OEE-1 (Attachment H);
- K. Form OEE-2 (Attachment H);
- L. Good Faith Efforts Worksheet (Attachment H);
- M. E-Verify Affidavit

ARTICLE 8 – DEFINED TERMS

- 8.01 The terms used in this Bid with initial capital letters have the meanings stated in the Instructions to Bidders, the General Conditions, and the Supplementary Conditions.

ARTICLE 9 – BID SUBMITTAL

SECTION 01 20 00 - CONTRACT ITEMS

PART 1 - GENERAL

1.1 DESCRIPTION

- A. The Section includes the Contract Items for the Project.

1.2 CONTRACT ITEM 1 – MOBILIZATION AND DEMOBILIZATION

A. Description: The Work under this Contract Item includes all work necessary for the movement of personnel and equipment to and from the project site. This shall include the submittal of a Performance Bond, Payment Bond, Maintenance Bond [SC-6.01], Contractor's Insurance for Worker's Compensation [SC-6.03], Contractor's Commercial General Liability [SC-6.03], Automobile Liability [SC-6.03], Excess or Umbrella Liability [SC-6.03], Contractor's Professional Liability [SC-6.03], Owner's Liability Insurance [SC-6.04], and Property Insurance [SC-6.05].

- B. Payment: Payment under Item 1 will be made at a Lump Sum Price.

1.3 CONTRACT ITEM 2 – MAINTENANCE OF TRAFFIC

A. Description: The Work under this Contract Item includes construction and maintenance of all detours, routing of traffic, and signage necessary to install the water main to the lines and slopes shown on the Drawings, and specified herein in addition to all other work required or incidental thereto.

- B. Payment: Payment under Item 2 will be made at a Lump Sum Price.

1.4 CONTRACT ITEM 3 – CONSTRUCTION ENGINEERING

A. Description: The Work under this Contract Item includes the planning and management of the project complete with all labor, material, and equipment necessary, including contractor's field office/trailer and INDOT Settlement Monitoring Plan for work done in INDOT Right of Way.

- B. Payment: Payment under Item 3 will be made at Lump Sum Price.

1.5 CONTRACT ITEM 4 – EROSION AND SEDIMENT CONTROL

A. Description: The Work under this Contract Item includes installing erosion and sediment control devices as shown on the Drawings and specified herein complete with all labor, material, and equipment necessary; along with maintaining and repairing/replacing these devices if determined necessary by the Engineer.

B. Payment: Payment under Item 4 will be made at a Lump Sum Price.

1.6 CONTRACT ITEM 5 – ADDITIONAL COMMUNICATIONS ANTENNAE OR OTHER EQUIPMENT AT WATER TOWER

A. Description: The Work under this Contract Item includes all communications work and ancillary equipment as recommended by the radio propagation study and accepted by the town to ensure proper communication between the water treatment plant and the water tower.

B. Payment: Payment under Item 5 will be made at a Lump Sum Price.

1.7 CONTRACT ITEM 6 – PRESSURE/LEVEL TRANSMITTER WITH LOCAL DISPLAY

A. Description: The Work under this Contract Item includes installation, integration, and verification of a pressure/level transmitter for the water tower.

B. Payment: Payment under Item 6 will be made at a Lump Sum Price.

1.8 CONTRACT ITEM 7 – BATTERY BACKUP AND SURGE PROTECTION AT WATER TOWER

A. Description: The Work under this Contract Item includes installation, integration, and verification of battery backup and surge protection measures at the water tower.

B. Payment: Payment under Item 7 will be made at a Lump Sum Price.

1.9 CONTRACT ITEM 8 – CONTROLS INTEGRATION

A. Description: The Work under this Contract Item includes all controls integration work and ancillary equipment as recommended in Appendix B of the Project Manual and accepted by the town to ensure proper signaling between the water treatment plant and the water tower.

B. Payment: Payment under Item 8 will be made at a Lump Sum Price.

1.10 CONTRACT ITEM 9 – UPGRADE MANUAL READ METERS WITH RADIO READ UNITS

A. Description: The Work under this Contract Item includes furnishing and installing radio read water meters as stated in the Drawings and specified herein, and all labor, material, and equipment as necessary for complete installation.

B. Payment: Payment under Item 9 will be made for each radio read water meter installed.

1.11 CONTRACT ITEM 10 – ALLOWANCE TO REPLACE METER PIT AND METER SETTER, COMPLETE

A. Description: The Work under this Contract Item includes (as necessary) installing meter pits and setters, and removal of existing meter pits as stated in the Drawings and specified herein, and all associated appurtenances, labor, material, and equipment as necessary for complete installation.

B. Payment: Payment under Item 10 will be made by allowance.

1.12 CONTRACT ITEM 11 – COMMUNICATIONS BASE STATION FOR RADIO READ METERS

A. Description: The Work under this Contract Item includes all work necessary to receive data from the radio read units and integrate them into the Town's existing billings software.

B. Payment: Payment under Item 11 will be made at a Lump Sum Price.

1.13 CONTRACT ITEM 12 – 8-INCH WATER MAIN, DR 17 HDPE

A. Description: The Work under this Contract Item includes clearing and grubbing, excavation, removal, and disposal of excavated materials as required, trench and excavation support, potholing, installing and backfilling the pipe, associated fittings, and joint restraints, all casings as depicted on drawings, and abandoning existing pipe as described, as well as connecting to existing services and hydrants, complete with all labor, material, and equipment necessary to install the water main to the lines and slopes shown on the Drawings by the method stated on the drawings when indicated, and specified herein in addition to all other work required or incidental thereto.

B. Payment: Payment under Item 12 will be made for each linear foot of 8-inch DR 17 HDPE water main installed at the appropriate size and depth.

1.14 CONTRACT ITEM 13 – 6-INCH WATER MAIN, DR 17 HDPE

A. Description: The Work under this Contract Item includes clearing and grubbing, excavation, removal, and disposal of excavated materials as required, trench and excavation support, potholing, installing and backfilling the pipe, associated fittings, and joint restraints, all casings as depicted on drawings, and abandoning existing pipe as described, as well as connecting to existing services and hydrants, complete with all labor, material, and equipment necessary to install the water main to the lines and slopes shown on the Drawings by the method stated on the drawings when indicated, and specified herein in addition to all other work required or incidental thereto.

B. Payment: Payment under Item 13 will be made for each linear foot of 6-inch DR 17 HDPE water main installed at the appropriate size and depth.

1.15 CONTRACT ITEM 14 – SITE RESTORATION

A. Description: The Work under this Contract Item includes all restoration of grading, soils, asphalt, concrete, pavement markings, and all other items necessary to restore the project sites to their original condition, including but not limited to removal of existing pavements of all types, granular backfill, stone, HMA, and concrete.

B. Payment: Payment under Item 14 will be made at a Lump Sum Price.

1.16 CONTRACT ITEM 15 – 6-INCH GATE VALVE WITH VALVE BOX AND RISER, DUCTILE IRON

A. Description: The Work under this Contract Item includes (as necessary) installing the gate valve with valve box as shown on the Drawings and specified herein, and all labor, testing, material, and equipment as necessary for complete installation.

B. Payment: Payment under Item 15 will be made for each gate valve with valve box installed.

1.17 CONTRACT ITEM 16 – 8-INCH GATE VALVE WITH VALVE BOX AND RISER, DUCTILE IRON

A. Description: The Work under this Contract Item includes (as necessary) installing the gate valve with valve box as shown on the Drawings and specified herein, and all labor, testing, material, and equipment as necessary for complete installation.

B. Payment: Payment under Item 16 will be made for each gate valve with valve box installed.

1.18 CONTRACT ITEM 17 – BULK WATER FILLING STATION

A. Description: The Work under this Contract Item includes installation, integration, and verification of a new bulk water non-potable filling station with proper signage and instructions at the water treatment plant site as depicted in the drawings and specified herein.

B. Payment: Payment under Item 17 will be made at a Lump Sum Price.

1.19 CONTRACT ITEM 18 – MANDATORY BID ALTERNATE NO. 1 – 8” WATER MAIN DR 17

YELOMINE® PIPE

A. Description: The Work under this Contract Item includes clearing and grubbing, excavation, removal, and disposal of excavated materials as required, trench and excavation support, potholing, installing and backfilling the pipe, associated fittings, and joint restraints, all casings as depicted on drawings, and abandoning existing pipe as described, as well as connecting to existing services and hydrants, complete with all labor, material, and equipment necessary to install the water main to the lines and slopes shown on the Drawings by the method stated on the drawings when indicated, and specified herein in addition to all other work required or incidental thereto.

B. Payment: Payment under Item 18 will be made for each linear foot of 8-inch Yelomine® water main installed at the appropriate size and depth.

1.20 CONTRACT ITEM 19 - MANDATORY BID ALTERNATE NO. 2 – 6” WATER MAIN DR 17 YELOMINE® PIPE

A. Description: The Work under this Contract Item includes clearing and grubbing, excavation, removal, and disposal of excavated materials as required, trench and excavation support, potholing, installing and backfilling the pipe, associated fittings, and joint restraints, all casings as depicted on drawings, and abandoning existing pipe as described, as well as connecting to existing services and hydrants, complete with all labor, material, and equipment necessary to install the water main to the lines and slopes shown on the Drawings by the method stated on the drawings when indicated, and specified herein in addition to all other work required or incidental thereto.

B. Payment: Payment under Item 19 will be made for each linear foot of 6-inch Yelomine® water main installed at the appropriate size and depth.

1.21 CONTRACT ITEM 20 – NON-MANDATORY BID ALTERNATE NO. 3 – 8-INCH WATER MAIN, DR 17 PVC

A. Description: The Work under this Contract Item includes clearing and grubbing, excavation, removal, and disposal of excavated materials as required, trench and excavation support, potholing, installing and backfilling the pipe, associated fittings, and joint restraints, all casings as depicted on drawings, and abandoning existing pipe as described, as well as connecting to existing services and hydrants, complete with all labor, material, and equipment necessary to install the water main to the lines and slopes shown on the Drawings by the method stated on the drawings when indicated, and specified herein in addition to all other work required or incidental thereto.

B. Payment: Payment under Item 20 will be made for each linear foot of 8-inch DR17 PVC water main installed at the appropriate size and depth.

1.22 CONTRACT ITEM 21 – NON-MANDATORY BID ALTERNATE NO. 4 – 6-INCH WATER

MAIN, DR 17 PVC

A. Description: The Work under this Contract Item includes clearing and grubbing, excavation, removal, and disposal of excavated materials as required, trench and excavation support, potholing, installing and backfilling the pipe, associated fittings, and joint restraints, all casings as depicted on drawings, and abandoning existing pipe as described, as well as connecting to existing services and hydrants, complete with all labor, material, and equipment necessary to install the water main to the lines and slopes shown on the Drawings by the method stated on the drawings when indicated, and specified herein in addition to all other work required or incidental thereto.

B. Payment: Payment under Item 21 will be made for each linear foot of 6-inch DR17 PVC water main installed at the appropriate size and depth.

1.23 CONTRACT ITEM 22 – NON-MANDATORY BID ALTERNATE NO. 5 – CHANGE
INSTALLATION METHOD FROM PIPE BURSTING TO CONTRACTOR SELECTION

A. Description: The Work under this Contract Item includes changing installation method to contractor preferred method in areas labeled for pipe bursting. Contractor installation must be constructible and may include open cut, directional drill, or other method as deemed appropriate. Payment will be made for each linear foot of pipe fully installed and in service along with all associated connections and fittings as indicated on the drawings.

B. Payment: Payment under Item 22 will be made per linear foot.

1.24 CONTRACT ITEM 23 – MANDATORY BID ALTERNATE NO. 6 – REPLACE ALL HYDRANTS
IN TOWN ALONG WITH TWO NEW HYDRANT LOCATIONS

A. Description: The Work under this Contract Item includes replacing all hydrants in town with new hydrant assemblies in their entirety, up to the main line, along with proper testing. It also includes the installation of full hydrant assembly, connection and testing of new hydrants at the intersections of: E Connersville and River Road AND W Connersville and Cherry Street.

B. Payment: Payment under Item 23 will be made for each hydrant.

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	. Executive Order 14026 generally applies to the contract. . The contractor must pay all covered workers at least \$16.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2023.
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:	. Executive Order 13658 generally applies to the contract. . The contractor must pay all covered workers at least \$12.15 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2023.

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the

Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <http://www.dol.gov/whd/govcontracts>.

GROUP 1: Air compressors in manifold with throttle valve;
Asphalt plant engineer; Auto grade or similar type machine;
Auto patrol; Backhoe or farm-type tractor, 45 hp and over;
Ballast regulator (RR); Bituminous mixer; Bituminous paver;
Bituminous plant engineer; Bulldozer; Caisson drilling
machine; Cherry picker, 15 ton or over; Chip spreader;
Concrete mixer 21 cu. ft. or over; Core drilling machine;
Crane or derrick with any attachment (including clamshell,
dragline, shovel, backhoe, etc.); Dredge engineer; Dredge
operator; Drilling machine on which the drill is an integral
part; Earth mover, rubber-tired (paddle wheel, 616, 631,
TS-24 or similar type); Earth mover, rubber-tired, tandem
(\$0.50 per hour additional for each bowl); Elevating
grader; Fork lift, 10 ton or over; P.C.C. formless paver
post driver; Highlift shovel, 1 1/2 cu. yd. or over; Hoist,

2 drums and over; Helicopter, crew; Hydraulic boom truck; keystone, skimmer scoop; Loader, self-propelled (belt, chain, wheel); Locomotive operator; Mechanic; Mucking machine; Panel board concrete plant, central mix type; Paver, Hetherington; Pile driver, skid or crawler; Road paving mixer; Rock breaking plant; Rock crushing plant, portable; Roller (asphalt, waterbound macadam, bituminous macadam, brick surface); Roller with dozer blade; Root rake, tractor-mounted; Self-propelled widener; Stump remover, tractor-mounted; Surface heater and planer; Tandem push tractor (\$0.50 per hour additional); Tractor, boom; Winch or hoe head; Tractor, push; Tractor with scoop; Tractor-mounted spreader; Tree mover; Trench machine, over 24"; Tug boat operator; Well drilling machine; Winch truck with A-frame

GROUP 2: Air compressor with throttle valve or clever brooks-type combination; Backfiller; Backhoe on farm-type tractor, under 45 hp; Bull float; Cherry picker under 15 ton; Chip spreader, self-propelled; Concrete pump; Concrete mesh depressor, independently operated; Concrete spreader, power-driven; End loader under 1 1/2 cu. yd.; Excavating loader, portable; Finishing machine and bull float; Guniting machine; Head greaser; Mesh or steel placer; Multiple tamping machine (RR); P.C.C. concrete belt placer; Pull grader, power control; Refrigerating machine, freezing operation; Ross carrier; Sheepfoot roller (self-propelled); Tamper (multiple vibrating, asphalt, waterbound macadam, bituminous macadam, brick surface); Trench machine, 24" and under; Tube float; Welder

GROUP 3: Assistant plant engineer; Base paver (Jersey or similar type machine); Concrete finishing machine; Concrete mixer, less than 21 cu. ft.; Curb machine; Farm tractor, including farm tractor with all attachments except backhoe and including high lift end loaders of 1 cu. yd. capacity or less; Fire tender on boiler; Hoist, 1 drum; Operator, 5 pieces of minor equipment; Paving breaker; Power broom, self-propelled; Roller, earth and sub-base material; Slurry seal machine; Spike machine (RR); Tamper (multiple vibrating, earth and sub-base material); Throttle valve and fire tender combination on horizontal or upright boiler; Tractaire with drill; Tractor, 50 h.p. or over; Well point system; Widener, APSCO or similar type

GROUP 4: Air compressor; Assistant to engineer, oiler; Automatic dry batch plant; Bituminous distributor; Bituminous patching tamper; Belt spreader; Broom and belt machine; Chair cart, self-propelled; Coleman-type screen; Conveyor, portable; Digger post hole, power-driven; Fork lift, under 10 ton; Form grader; Form tamper, motor-driven; Generator; Hetherington driver; Hydra seeder; Operator, 1 through 4 pieces of minor equipment; Outboard or inboard motor boat; Power curing spraying machine; Power saw, concrete, power-driven; Pug mill; Pull broom, power-type; Seaman tiller; Straw blower or brush mulcher; Striping machine paint, motor-driven; Sub grader; Tractaire, tractor, below 50 h.p.; Truck crane oiler, driver; Spreader; Water pump; Welding machine, 2 of 300 amps or over

TRUCK DRIVER CLASSIFICATIONS

GROUP 1: Single/batches axle straight trucks; Batch trucks, wet or dry 3 (34E) axle or less; Single axle Grease and

maintenance truck

GROUP 2: Single axle fuel and water trucks

GROUP 3: Single axle "dog-legs", and tandem truck or dog-legs; Winch trucks or A-frames when used for transportation purposes; Drivers on batch trucks, wet or dry over 3 (34E) batches and tandem axle grease and maintenance truck

GROUP 4: Tandem axle fuel trucks; tandem axle water trucks; butuminous distributors (two-man)

GROUP 5: Tandem trucks over 15 tons payload; Single axle semi trucks; Farm tractors hauling material; Mixer trucks (all types); Trucks pulling tilt-top trailer single axle; Single axle low-boys; Truck-mounted pavement breakers

GROUP 6: Tandem trucks or "dog-legs"; Semi-water Truck; Sprinkler Truck; Heavy equipment-type water wagons, 5,000 gallons and under; butuminous distributors (one-man)

GROUP 7: Tri-axle trucks; Tandem axle semi trucks; Equipment when not self-loaded or pusher loaded, such as Koehring or similar dumpsters, track trucks, Euclid bottom dump and hug bottom dump, tournatrailers, tournarockers, Acey wagons or for similar equipment (12 cu yds or less); Mobile mixer truck; Tandem Axle trucks pulling tilt-top trailer; Tandem - Axle lowboy; Tri- Axle batch Truck; Tri-Axle grease and maintenance truck

GROUP 8: Tandem-tandem semi trucks; Truck mechanics and welders; Heavy equipment-type water wagon over 5,000 gallons; Tri-Axle Trucks pulling tilt-top trailer; Low-boys, tandem-tandem axle

GROUP 9: Low-boys, tandem tri-axle; Acey wagons up to and including 3 buckets; Equipment when not self-loaded or pusher loaded, such as koehring or similar dumpsters, Track Trucks, Euclid bottom dump and hug bottom dump, Tournatrailers, Tournarockers, Acey wagons or for similar equipment (over 12 cu yds.)

GROUP 10: Pick-up trucks

GROUP 11: Helpers; Greasers; Tire men; Batch board tenders; Warehouseman

GROUP 12: Acey wagon (over 3 buckets); Quad Axle Trucks; Articulating Dump

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their

own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage

payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

PRE-BID MEETING

Client: Town of Milton

Project Name: Milton Drinking Water Improvements Project – Both Divisions

Project ID: 22-400-230-1

Meeting Location: Milton Municipal Building – 101 Central Ave., Milton, Indiana

Date: May 19th, 2023

Goals

- Introductions
- Scope of Work
- Document Availability
- Contract Milestones
- Addenda
- Special Considerations
- General Questions/Discussion

Introductions

- Town
- Kleinpeter Consulting Group LLC
- RQAW
- Contractors Present
- Sign-in Sheet

Scope of Work

- Main Division:
 - Controls/communications updates between water tower and wells/treatment (see Maxim information at end of Project Manual for guidance and estimated costs)
 - New Bulk Filling Station
 - Updating meters throughout town from manual to radio-read
 - ~14,000 LFT Water Main installation – 6” and 8”
 - Norfolk Southern RR Crossings, INDOT SR-1 Crossings
 - Allowance to replace and re-route new meter pits for existing pits located in less accessible areas (\$54,000, will add to addendum – see C401 for information on meter pits)
 - Mandatory Alternates

- Non-OCRA Division:
 - Allowance to replace Lead/Galvanized Steel service lines. Set cost. Provide estimated quantity that could be done for that cost
 - ~1,000 LFT Water Main installation in new easement – 6”

Document Availability

- RQAW Online Plan Room
 - Electronic documents can be downloaded for free from: <https://rqaw.com/public-documents/>

Milestone	Date
Pre-bid Meeting	May 19 th 2023
Last Day for Questions	May 22 nd 2023
Final Addendum	May 24th 2023
Open Bids	May 26th (9AM)
Close of SRF Loan	~June 30 th 2023
Anticipated Notice to Proceed	~June 30th 2023

Bid Overview

- Bids Due – **Friday May 26th, 2023 at 9:00 AM**
 - Bid Location – Sealed bids submitted to the attention of the Clerk Treasurer at the Town of Milton, 101 Central Ave (SR-1), Milton, IN 47357
 - Bid Opening will occur at 9:00 AM at the Milton Municipal Building (101 Central Ave. (SR-1), Milton, Indiana 47357)
- Contract
 - Division I
 - Unit Price Contract
 - Mandatory Bid Alternates (Adds/Deducts)
 - Division II
 - Unit Price Contract
 - Mandatory Bid Alternates (Adds/Deducts)
- Documents due at Bid (**PER DIVISION SUBMITTING FOR. ONE BID PACKAGE PER DIVISION**)
 - Completed Bid Form – Section 00 41 13
 - Required Bid Security
 - List of Proposed:
 - Subcontractors
 - Suppliers

- List of Project References
- Evidence of Bidder's Authority to do business in the State of Indiana
- Bidder's state or contractor license number
- Acknowledgement of Addendum(s)
- Contractor's Bid for Public Work – Form 96
- Wage/Fringe Benefit Certification
- American Iron and Steel Certification
- Form OEE-1
- Form OEE-2
- Good Faith Efforts Worksheet
- E-Verify Affidavit
- Bids remain in effect for 90 days, but NTP and award should happen much sooner.

Contract Milestones

- Substantial Completion – 330 days for Main Division, 180 days for Non-OCRA Division
- Final Completion – 360 days for Main Division, 210 days for Non-OCRA Division.
- Non-OCRA timeline may be adjusted depending on LSLR scope of work.
- Liquidated Damages: \$1,500 per day for missing Substantial Completion. \$750 per day for missing Final Completion.

Addenda

- All questions to be sent in writing to Aaron Crow or Whitney Weidenbenner no later than Monday, May 22nd, 2023:
 - Email: wweidenbenner@rqaw.com
 - Mail: 8770 North St., Ste. 110, Fishers, IN 46038
- Addendum No. 1
 - Issued no later than Wednesday, May 24th, 2023.
 - Updates
 - Davis-Bacon Wage updates
 - Add Allowance \$
 - Q/As

General Questions/Discussion

- Questions and Answers
 - *Q: On the allowance for relocating meters and setters, is that strictly only for that?*
 - *A: Yes, the pay item is for the water meter relocations. All other service line work as far as line attachment service is in the linear foot unit price. All unit price information is in the project manual.*

- *Q: How should the contractor come up with footage of service line to include in the water main unit price?*
 - *A: Contractor is to estimate linear footage based on the plans. All serviced residences are shown on page C401. All customers currently connected to replaced mains will need to be reconnected. Other customers will only require meter change-outs.*
- *Q: Is it possible to get the service line table in an excel spreadsheet?*
 - *A: Yes, please request via email.*
- *Q: Are the curb stops normally a part of service lines in town or are a lot of these taps going right into the setters?*
 - *A: There are corporation stops at each meter pit. There are no services without isolation that the operator is aware of.*
- *Q: If we run into a lead service line and there is no shutoff valve, what do you do since you can't crimp the pipe?*
 - *A: The contractor would have the lead service line contractor replace the line so that you can change out the meter. Communication between contractors for both divisions will be imperative.*
- *Q: Is the lead service line replacement part of the allowance?*
 - *A: The lead service line replacement allowance is a part of the Non-OCRA division. If the contractor is the same for both the project and the lead service line replacement, the lead service line would be replaced first and then the water meter would be swapped out. Locations where new water main and existing lead service lines intersect would be prioritized first.*
- *Q: On sheet C101, the 6-inch water main going back to the water main tower is called out to be pipe burst. Why is this line being pipe burst? Is it because there is no easement for a new water main line?*
 - *A: Pipe burst was called out on the plan sheets where RQAW believed there was insufficient space to install a new water main near the tower. The contractor can lay a new water main where pipe bursting is called out in the plans if the contractor believes there is sufficient space. Regarding the water tower location, there are existing overhead electrical lines and underground conduits plus the water tower's foundation. This creates a tight space for the install of new pipe.*
 - *A non-mandatory bid alternate will be created for a add/deduct for means and methods of install other than pipe bursting.*
- *Q: On sheet C108, there is a 12-inch casing pipe encasing a 6-inch line. What is the reason behind the casing pipe being installed here?*
 - *A: Casing pipes are installed where the horizontal separation distance between existing sanitary sewer pipes is less than 10 feet. This is an IDEM requirement. The casing pipe can be cut for the installation of valves and fittings.*
- *Q: Is all the casing pipe 12-inch?*

- *A: All casing locations and sizes are depicted on the drawings.*
- *Q: Where connections are being made to the existing water mains, does the contractor follow their own means and methods or how does the contractor do this?*
 - *A: The contractor can work with the Town of Milton's water service operator to isolate existing mains for connection purposes. Most of the valves on the existing main are operational. Connections can be done through means and methods deemed necessary, so long as all products have been approved during the shop drawing phase. Requirements are in the specifications.*
- *Q: Do you have a project estimate?*
 - *A: RQAW cannot share this at this time.*
- *Q: How does the contractor determine where the water main is to be installed? Is the contractor to measure an offset distance from the side of the road and follow the plans?*
 - *A: There are northings and eastings called out for the water main's proposed tees and bends. Staking is fine provided the contractor keeps track of substantial changes for the as-builts. However, for the State Road and Railroad crossings, the water main needs to be installed very close to what is called out in the plans due to inspections required for said facilities.*
- *Q: In the event the state wants flaggers for the railroad crossings, is the Town of Milton covering that cost or can this be added to an allowance if this is the contractor's responsibility?*
 - *A: Paying flaggers is not a part of the contract. In the event flaggers are needed, the Town will make necessary accommodations.*
- *Q: Are the highway bores, railroad bores, casing, cutting caps, connections, and pipe bursting included in the line footage cost?*
 - *A: Yes. Please see contract item information for all inclusions on an item-by-item basis.*
- *Q: Are the bid alternates listed mandatory?*
 - *Please see contract item specification for clarification on bid alternates. Titles are labeled with mandatory as required.*
- *Q: Would you consider making the bid alternatives non-mandatory? In the base bid you have the pipe listed as polyethylene pipe. If a contractor wants to install all of the piping via drilling, there is still the mandatory bid alternative for DR 17 PVC pipe?*
 - *A: An adjustment has been made to make the DR 17 PVC pipe alternates non-mandatory.*
- *Q: For the non-OCRA division, is the contractor required to have a licensed plumber to do in the in-home connections? Also, does this involve the AIS requirement?*
 - *A: RQAW – Per SRF requirements, a plumber is not required. AIS requirements are in place for both contract divisions.*
- *Q: Is the grouting of the proposed water mains next to the railroad included in the labor cost?*

- *A: Yes, this is included in the labor cost. Grouting is only required for the pipes next to the railroad. Any clarifying questions about this requirement can be brought up to Norfolk Southern.*

- Funding by Office of Community and Rural Affairs (OCRA) and SRF loan.
- IDEM, Norfolk Southern, and INDOT ROW permits have been submitted and are in process or already obtained.
 - IDEM and NS: agreements/approvals obtained.
 - CSGP: in process.
 - INDOT ROW: in process.
- Utility locations will need to be confirmed in the field.
- Potential Staging Areas
- Site Tours
 - A site tour will be conducted immediately after the Pre-Bid Meeting as requested.
 - All other site tours need to be coordinated individually with Terry Craig at (765) 478-3818.
